BEING composed of the Persian and Indias able, and for eradicating disease in all its varied forms, they stand unrivalled. In their operation hey effectually remove the very roots of diseasedisappears, diarrhea, disentary and all diseases arising from an impore state of the blood, or disor-dered system. They are not unpleasant in their effects, and at the same time restore and invigorate the system. They quicken the circulation, purify the blood, remove all diseased action, give a tone to the nerves, exhibitate the spirits, and give health and strength to the whole person. No family should be without the Person Pills, for it might save them from the sick bed of a long and lingering disease of suffering: also a heavy bill of expense. The preventative is easily obtained and the expense small. They are the cheapest as well as the best pills in use—large box, 73 pills, for 50 cents—small box, 35 pills, for 25 cents. THE very best remedy that is known for all kinds of pain or weaknesses, such as rheumaism, goot, pain in the side, hips, breast, back and mubs, beadache, nervoas toothache, &c.; in every case of which it has proved an effectual cure. There is nothing better for its softening and healing ualities in cases of scroffulous humors, knots, wens, white swelling, hard tumors, stiff joints, ague in the breast. &c. It is also very beneficial in giving permanent relief in eradicating pain and imparting strength in all cases of weakness-weakness in the stomach, weak limbs, lameness, affection of the spine, female weakness &c. No person subject to pain or weakness in the back or side should be without it; married ladies in delicate situations find great relief from constantly wearing this plaster. The application of this plaster between the shoulders, has been found a certain remedy for colds, coughs, phthisic and lung affections in their primary stages. It destroys inflamation by producing copious perspiration. No physician should be without it. It is a sure cure for corns. Nearly all other Plasters are spread, thereby rendered almost use-

# Counterfiets' Death Blow.

THE GENUINE HYGEIAN VEGETABLE UNIVERSAL MEDICINE—Accurately prepared by Dr. H. S. Most, of New York, from the original recipe used for many years by his late father, Mr. Thomas Most, Vice President of the Brit-

ish College of Health.

Twenty yours' successful administration of these celebrated medicines in Europe, and more than twelve years in the United States have established their high reputation. Thousands of both sexes, who have been restored to health, the numerous sufferers rescued from a premature death, and volumes of certified cases of cure, embracing every disease in the long catalogue of human misery , must con vince the most incredulous, of their superiority and the truth of the Hygeian theory, resulting from ecientific research and experience, namely, that 'man is subject to only one real disease, impurity of the

The medicines being composed entirely of herbs or vegetable matter, purify the blood, and carry off the corrupt humors of the body to a nonner so sim-

ple as to give every day case and pleasure.

Man will be born to days of biss, compared to what has hitherto been his lot, weighed down as he has been by disease, infirmities, and sufferings which no earthly power knew how to alleviate, until this discovery was presented to the world. weak, the feeble, the infirm, the nervous, the delirate, are in a few days strengthened by their operation, and the most obstinate complaints are removed by perseverance without the expense of a physician. Adapted to all circumstances and situations, they are the best Medicines, ever invented for Families, or to take to sea, preventing scurvy and costiveness, requiring no change of diet, particular reg-

imen, or care against taking cold.

The prepotency of these medicines, has induced many speculators to attempt imposition on the public, by forging the labels, or forcing their Imitations into notice through the medium of the Press. Some of them pretend to Hygeian principles, by stealing from the writings of the Hygeist, and copying whole pages into their fulsome advertisements.

But as they cannot copy the medicine, their specifics or their deleterious nostrums prove to be unavailing, their puffing and piracy become evident; disappointment to the afflicted is eventual, and with just obloquy the pretenders sink into oblivion.

The Hygeran medicines, first introduced into this country by H. S. Moat, in 1830, have for the last four years been prepared by him, and the increasing sale attests their intrinsic merit; they comprise two sorts of Pills, No. 1 and No. 2, in single boxes of each at 25 or 50 cents; and Packets containing both sorts, at \$1, \$2, or \$3. The Vegetable Cleansing Powders, in large boxes, at 37 1-2 cents, with printed directions. Each parket has a fac-similie of the signature of H. Shepherd Moat, and to prevent counterfetters, are signed with a pen by the district agent and sub-agent on a label of yellow paper.

None are genuine unless they have these signa-

tures, and are obtained from sub-agents who can produce their written appointments from the district agent, and whose names are advertised in their respective districts.

This Lotion is admired as a most fragrant, mild, safe wash, and greatly esteemed for its virtues in cleansing, softening and purifying the skin of all eruptions so injurious to female beauty, and restoring it to a high degree of purity.

A beautiful and healthful complexion is the pride of all who possess it, and the envy of those who are deprived of it.

A good appearance is the best recommendation and as the Beautifying Lotion purifies the skin, and removes all Pimples, Blotches. Tan, Sunburn, and Redness, and produces a beautiful hoe, it is teh only cosmetic a lady should use at her toilet. Gentlemen will also find this a delightful remedy

to remove all Roughness, Pumples, Ringworms, Spota, Redness, Soreness of the face and nose, and every kind of erruption on the surface of the human body. It is particularly recommended to gentlemen to be used after shaving, as it will prevent the otherwise certain effect of all common soap, in turning the beard prematurely grey.
